

Attack Path Research

Our Problem Statement:

For each resource, provide the name and a link to the resource, a summary of the resource, and an analysis of why that resource is relevant to our work.

- Resource: *Give as much information as possible. A full citation would be best.*
- Summary: *Summarize in your own words. Highlight the key pieces, including features and benefits.*
- Analysis: *How does the artifact provide validity, conflict, or the need for further research? What unique aspect does the artifact add to your overall research? How does the artifact support the problem statement?*
