

## Survival Kit

Two marbles – in case anyone says you've lost yours  
Two coins – so you'll always have two to rub together  
A pencil – to help you make your mark  
With an eraser – because we all make mistakes  
A candle – to light your way  
Some string – to help you make ends meet  
Some BluTak – to help you stick to it  
A plaster – to heal you when you hurt  
Dark chocolate – to remind you that life might be bitter,  
but it is also sweet

There are no matches. Because you are matchless
