

ALL WE NEED ARE:

PLASTIC BUCKET

BICYCLE INNER TUBE

KEY SAW OR KNIFE

SCISSORS

RUBBER SHOWER CURTAIN OR PLASTIC SHEET LARGER THAN TOP OF BUCKET.

CUT BIKE TUBE INTO 1 INCH (2-3CM) STRIPS

CUT 1 OR 2 INCH (2-5CM) HOLE IN THE CENTER OF THE BUCKETS BOTTOM.

PLACE THE SHEET OF PLASTIC OVER THE TOP OF THE BUCKET.

STRETCH THE SHOWER CURTAIN AS TIGHT AS A DRUM OVER THE BUCKET. TIE IT DOWN WITH THE INNER TUBE STRIPS.

THIS IS INCREDIBLE! I CAN BLOW OUT MY CANDLES FROM ACROSS THE ROOM.

ADD DUST TO BUCKET TO CREATE SMOKE RINGS! CHECK OUT THE AIR CANNON VIDEO AT HOWTOONS.COM.
